

Groundwater and the Environment Panel

Ms Eloise Nation

Senior Hydrogeologist at the Bureau of Meteorology

Eloise Nation is a Senior Hydrogeologist at the Bureau of Meteorology, with interests in standardisation and spatial analysis of groundwater data. Eloise manages the maintenance and update of the [Atlas of Groundwater Dependant Ecosystems](#) (GDE Atlas), Australia's national inventory of GDEs. She works with State/Territory agencies to standardise their GDE data and publish it in the GDE Atlas.
